WELCOME TO GOTHAM

In 1807 famed New York journalist Washington Irvine first wrote about Gotham, a new nickname for Manhattan. The name Gotham came to him from the town Gotham in Nottingham, England, which according to old folk law was a village inhabited by fools. Overtime Manhattanites took on this nickname and the name was born. In the late 1800's Gotham was a place of crime and corruption, with a dark, moody and often dangerous ambience. Gotham City is closely associated with Gothic architecture, Art Deco, humour, banking and prohibition.

All of which give you a feel of intrigue and excitement.

100 KING STREET

100 King Street is housed in one of the city's grandest, listed building and the former home of a Midland Bank. Standing here at the head of King Street, proudly atop the hill amidst architectural nods to the Grecian and Baroque, Gotham draws inspiration from these surroundings and rises up as an imposing castle of stone and steel. Designed by Edwin Lutyens in 1928 in the Art Deco style of the time, is it any wonder it was referred to as 'The King'?

In terms of the architecture, the neoclassical design is unusual for Manchester.

But we quite like that.

We celebrate difference at Gotham.
